

PROFILE SUMMARY

I am a Mechanical Engineer with a strong passion for design, innovation, and practical problem-solving. My academic journey has been a great roller coaster of emotions filled with knowledge and gratitude. I would always like to extend my knowledge and experience in mechanical engineering, particularly in areas related to NDT's, Automotive Design and Sustainable Technologies.

INTERNSHIP @ A.E ENGINEERING MADURAI

I have worked at handling root card maintenance, performed welding tasks, ensuring precision and safety of the components produced, managed and updated part number records, conducted quality checks on the products to maintain high industry standards during my two-month internship through my Polytechnic College.

INTERN @ ATALON (Structural Testing in Machines)

Testing the Structural Integrity and Performance under expected Loading conditions of Solid Structures using equipment's like strain gauge and accelerometer integrated with Dewesoft, Flex logger and LabView software's.

STRAIN GAUGE TESTING:

- NIOT (MATSYA-6000)
- TEREX INDIA LIMITED (FRANNA 25T CRANES)

VIBRATIONAL TESTING:

- BS & B SYSTEMS – SANMAR LTD (RUPUTRE DISKS)
 - ZENTRON LABS PVT LTD (IMM AND FOOD SORTING MACHINES)
-

PROJECTS, PUBLICATIONS AND RESEARCH PAPERS

COMPLETED:

- Mechanical Footstep Electricity Production using Cylindrical Cam Mechanism - Diploma Final Year Project.
- Thermoelectric Armband with Mini Flashlight and Charger (Paper published in IRJET)
- Fabrication of CNC Lathe & Milling Machines for Mechanical Department Research Lab.
- International Conference on Viksit Bharat 2047.

ONGOING:

- Chapter Publication in "Multimodal Imaging and Fusion for Composite Material Characterization" in "Bentham Science Publications".
- Research Paper regarding the application of LSDM Model using the data acquired from ZENTRON LABS to replicate and generate the output for different conditions without actual testing processes.
- Research Paper regarding the generation of fuel from plastics using "PLASTIC PYROLYSIS"

EDUCATION

KALASALINGAM ACADEMY OF RESEARCH AND EDUCATION
B. TECH IN MECHANICAL ENGINEERING, **CGPA – 9.52**

Virudhunagar, Tamil Nadu, India
June 2023 – April 2026

TAMILNADU GOVERNMENT POLYTECHNIC COLLEGE
DIPLOMA IN MECHANICAL ENGINEERING, **CGPA – 10/10 (96.4 %)**

Madurai, Tamil Nadu, India
June 2020 – April 2023

C.E.O.A MATRICULATION HIGHER SECONDARY SCHOOL
Sslc (10th Standard), **495/500 (99 %)**

Madurai, Tamil Nadu, India
April 2020

CERTIFICATIONS

- Ranked 1st with a Cgpa of 9.36 in the Academic Year 2023 – 2024.
- Ranked 1st with a Cgpa of 9.49 in the Academic year 2024 – 2025.
- Secured 2nd Place in Path Pioneer Event (Line Following Robot Category) from **EUPHORIA 2K25**.
- Secured 2ND Place in TECHNO CHILL Event from **NEC TECH FEST 2K25** (Paper Presentation regarding CNC Lathe & Milling Machine).
- Received a Virtual Participation Certificate in the **Solar Electric Vehicle Championship-2024** as **Vice Captain**
- Served as **Design Head & Team Manager** for **SIEP 2025 – E bike Design Challenge**.
- Received the **Best Captain Award** in **EBDC 2025 - Design Challenge**.
- Received **RESEARCH AWARD** for the 4 Year Research Contributions to Mechanical Department.

ADDITIONAL INFORMATION

- **Technical Skills:** Structural Analysis (Dewesoft, Flex logger, LabVIEW), CAD Design (Solid works), Origin Pro, Ansys, Arduino.
- **Languages:** Tamil, Telugu, Hindi, English
- **Awards/Activities:** Event Coordinators in Freshman Induction Programme, CAD design Contest and Robowar; Participator in SIH 2024, MSME Hackathon 2024
